Re: Request for Forbearance on Mortgage Loan

Dear

You are the servicer of my mortgage loan on the property located at

My loan number is . My home was recently impacted by wildfires in Maui, Hawaii. On August 10, 2023, President Biden signed a Major Disaster Declaration DR-4724-HI for the state. As a result, my home loan, as a federally backed mortgage, is subject to the forbearance protections which the Biden administration recently passed in the wake of this federal disaster.

I attest and affirm that I am experiencing hardship caused by the Maui Wildfires and request forbearance on my mortgage loan under this disaster declaration for 90 days.

I understand that during the forbearance period, I may not be charged fees, penalties, or interest beyond what I would have been charged had I continued to make all my mortgage loan payments on time and in full. I also understand that I may shorten the forbearance period at any time and that I may request additional assistance at the end of this period.

Please confirm that you received my request for forbearance on my mortgage loan. If my mortgage loan is not subject to this federal disaster assistance, please let me know if you offer other forbearance options. I appreciate your help during this difficult time.

Sincerely,
